GPS Automated Machine Control

P.D. Excavations is equipped with the latest **GPS** technologies and **automated machine control** equipment that allows us to work more accurately and efficiently for our clients.

Our GPS equipment includes:

- Handheld GPS rovers
- Dozers equipped with GPS automated machine control
- Graders equipped with GPS automated machine control (Topcon Millimetre accuracy)
- Excavators equipped with GPS automated machine control

We can also transform your existing 2D designs into 3D models suitable for 3D GPS systems
